## OSHA Documentation Creation - **Only \$850.00** (available for all 50 States)

Your documentation will be written exclusively for your company and your industry. Your documentation will also address the general types of equipment you may use, the types of hazards your employees are exposed to, how to identify hazards, what to do in case of certain types of injuries, and how to avoid them. We will keep your safety programs current with OSHA regulations for the life of your account.

You will have access to all of your customized documentation online at [www.GotSafety.com](http://www.GotSafety.com).

### **We will write and update all documentation listed below as needed.**
